**Toilet paper tube binoculars**

**Supplies:** 2 toilet paper tubes, glue, hole punch or tape, yarn or string, something to use for decoration (markers, yarn, stickers, paint, etc.)

1. Decorate two toilet paper tubes however you’d like!
2. Glue the two toilet paper tubes together along their long edges.
3. Use a hole punch to punch small holes on the outside edge of each tube about a ½ inch from the top.
4. Take one end of your string and thread it through the hole you made. Tie a knot to secure it and repeat this with the other side.
5. Use your new binoculars to go on an outdoor adventure! Download our springtime scavenger hunt and try to find everything on the list.

**Nature Bracelets**

**Supplies:** Duct tape, natural materials (leaves, flowers, berries, seeds, twigs, etc.)

1. Cut a piece of duct tape long enough to fit around your wrist.
2. With the sticky side facing out, connect the sides around your wrist, so it fits like a bracelet.
3. Collect some natural materials from your backyard and stick them to your bracelet! Look for things like leaves, flower petals, berries, twigs, and seedpods.
Leaf Rubbings

Supplies: leaves, paper (thinner/lightweight preferred), crayons

1. Gather 4-5 leaves of different shapes and sizes and arrange them with their bottom sides facing up.
2. Place a sheet of paper over a leaf and rub your crayon gently over the area until you can see the entire shape of the leaf.
3. Repeat with other leaves on different parts of your paper! Overlap them to mix colors and textures.

Yarn Birds

Supplies: yarn, glue, cardboard, scissors, small piece of paper, googly eyes
